

THE VALUE of ASQ Certification

ASQ certification is a formal recognition by ASQ that an individual has demonstrated a proficiency within, and comprehension of, a specified body of knowledge at a point in time. Nearly 150,000 certifications have been issued to well-deserving professionals. ASQ has members in more than 100 countries, all industries, and all cultures. ASQ certification is internationally accepted and recognized.

CERTIFICATION BENEFITS

Benefits to the Individual:

- ★ New skills gained and proficiency upgraded
- ★ Source of professional and personal pride
- ★ Investment in career
- ★ Mark of technical excellence
- ★ Assurance that individual is current with emerging technologies
- ★ Discriminator in the marketplace
- ★ ASQ certified professionals earn more money than their uncertified counterparts
- ★ ASQ certification is endorsed by more than 125 corporations

Benefits to Organizations:

- ★ Investment in the company's future
- ★ Allows individual to perfect and share new techniques in the workplace
- ★ Provides organization with knowledgeable employees who are able to assure product and service quality

Quality is a global concept. It crosses borders, cultures, and languages. No matter what country your customers live in or what language they speak, they demand quality products and services. You and your

organization benefit from quality tools and practices. Acquire the knowledge to position yourself and your organization ahead of the competition.

How do I receive an ASQ certification?

- ★ Each exam is offered at least twice a year
- ★ Exams are administered at the local section or other designated site
- ★ Special administrations are possible
